

IDD MASTERCLASS FOR SPECIALIST CONTRACTORS

[By Invite Only - Complimentary]

15th August 12.30-5pm

@ Autodesk Asia

3 Fusionopolis Way #10-21

Symbiosis Tower S(138633)

Jointly organised by STAS and Autodesk Construction Solutions, this unique workshop is intended for specialist contractor firms who are keen to learn about the Integrated Digital Delivery (IDD) workflows. We share the stories from case studies in Singapore and IDD processes.

Attendees would benefit from learning hands-on and understanding:

- Centralize project data and enabling seamless collaboration
- Utilize digital progress tracking and monitor project timeline
- Increased visibility into project status and capture real-time data

Jointly
organised by

**SPECIALISTS TRADE
ALLIANCE OF SINGAPORE**

AUTODESK
Construction Cloud
